Local Board of Health Experience Serious Conditions

Early Action to Prevent Public From Using Storm Drains And Creeks as Septic Tank Overflow — Ratepayers Send Complaints to Provincial Board of Health—Early Vote on Sewers Predicted—Conditions Are Said to be Very Bad All Over Town.

The local Board of Health is this year in receipt of hundreds of complaints about drainage of foul water and overflowing septic tanks. In fact, it is said that the members of the Board of Health and the M.O.H. are at their wit's end to know what to do to remedy the trouble, which is occurring practically all over town.

It is no secret that many people are using the town's storm drains and creeks for the septic tank overflow pipes, and every day new conditions are revealed. It is intimated that the board has placed tracers to find out what tanks are hooked into drains and the creeks, and when they are discovered action will be taken against property owners for causing a nuisance by running their septic tank overflow pipes into the storm drains and creeks.

According to information considered at a recent meeting of the board, it would appear as though the town will this year experience one of the worst years in the history of the municipality in regard to septic tanks; in fact, conditions in some sections of the town are so bad and the ground has become so saturated that it is impossible to do anything. Many ratepayers have gone so far as to report conditions to the Provincial Board of Health, and that body will likely meet the local board to discuss the whole situation.

Sewers, it is said, will, no doubt, be the outcome of the whole affair, and it will be no surprise to see a report on sewers tabled before the Council, recommending that work be commenced at once to put in a proper sewerage system.

This information was procured from a reliable source, and what has been a long looked for event, sewers, may be realized at an early date. It is likely that the people will be considered in the matter by the submission of the question to a vote of the ratepayers.

Grimsby has, indeed, been fortunate so far in not having a serious outbreak of fever, and it is only by the precautions taken and early action of the local Board of Health in fever cases that an epidemic has been prevented.

Special April Session Of County Council

Many Reports Carried at Special April Session of Lincoln Council—Decided to Pave Pelham Stone Road—County Share of Cost to be One Hundred and Sixteen Thousand Dollars.

St. Catharines, April 2nd, 1929. The Council met pursuant to adjournment.

Present: The Warden in the Chair, and Messrs. Woodruff, Sheppard, Sutton, Wilson, G. A. Jacobson, Masterman, Seay, Honsberger, Rittenhouse, Wilson, R. J. Culp, Shields, Fralick, Young, Book, Wilkins, Trenggano, Lawson and Oakes.

Moved by Mr. Honsberger, seconded by Mr. Seay, That this Council do now adjourn to allow the Printing and Building Committee to meet, and meet again this afternoon at the usual hour.—Carried.

Adjournment. The Council met pursuant to adjournment.

The Warden in the Chair. Printing and Building. The Printing and Building Committee brought in its report.

Moved by Mr. Honsberger, seconded by Mr. Sheppard, That the report of the Printing and Building Committee be received and adopted.—Carried.

Adjournment. The Agriculture Committee brought in its report.

Moved by Mr. Rittenhouse, seconded by Mr. Seay, That the second report of the Agriculture Committee be received and adopted.—Carried.

Finance. The Finance Committee brought in its report.

Moved by Mr. Oakes, seconded by Mr. Shields, That the report of the Finance Committee be received and adopted.—Carried.

Moved by Mr. Book, seconded by Mr. Trenggano, That leave be given to introduce a By-law entitled, "A By-law appropriating the sum of One Hundred and Sixteen Thousand (\$116,000.00) to finance the County's share as well as that of the City of St. Catharines, of the proposed expenditure on the Pelham Stone Road from the southerly limit of the City of St. Catharines to the southerly limit of the County of Lincoln," and that the same be now read a first time.—Carried.

Moved by Mr. Book, seconded by Mr. Trenggano, That the By-law just read a first time be now read a second and third time and do pass, and that the Warden and Clerk do sign and seal the same, any rule of this Council to the contrary notwithstanding.—Carried.

Adjournment. The Council met pursuant to adjournment.

The Warden in the Chair. Printing and Building. The Printing and Building Committee brought in its report.

Moved by Mr. Honsberger, seconded by Mr. Sheppard, That the report of the Printing and Building Committee be received and adopted.—Carried.

Adjournment. The Agriculture Committee brought in its report.

Moved by Mr. Rittenhouse, seconded by Mr. Seay, That the second report of the Agriculture Committee be received and adopted.—Carried.

Finance. The Finance Committee brought in its report.

Moved by Mr. Oakes, seconded by Mr. Shields, That the report of the Finance Committee be received and adopted.—Carried.

Moved by Mr. Book, seconded by Mr. Trenggano, That leave be given to introduce a By-law entitled, "A By-law appropriating the sum of One Hundred and Sixteen Thousand (\$116,000.00) to finance the County's share as well as that of the City of St. Catharines, of the proposed expenditure on the Pelham Stone Road from the southerly limit of the City of St. Catharines to the southerly limit of the County of Lincoln," and that the same be now read a first time.—Carried.

Moved by Mr. Book, seconded by Mr. Trenggano, That the By-law just read a first time be now read a second and third time and do pass, and that the Warden and Clerk do sign and seal the same, any rule of this Council to the contrary notwithstanding.—Carried.

Adjournment. The Council met pursuant to adjournment.

The Warden in the Chair. Printing and Building. The Printing and Building Committee brought in its report.

Moved by Mr. Honsberger, seconded by Mr. Sheppard, That the report of the Printing and Building Committee be received and adopted.—Carried.

Adjournment. The Agriculture Committee brought in its report.

Moved by Mr. Rittenhouse, seconded by Mr. Seay, That the second report of the Agriculture Committee be received and adopted.—Carried.

Finance. The Finance Committee brought in its report.

Spray Service Data Now Available

Plans Now Completed For Spray Service at Meeting in Simcoe Last Week—Many Local Men Attended

A number of local men spent Wednesday and Thursday at Simcoe attending a spray service conference. Professors Caesar and Howitt of Guelph, who are in charge of the service in Ontario were the speakers. Superintendent Goldie for this district and his two assistants, including F. A. J. Sheppard of St. Catharines were present as well as E. F. Palmer of the Vineland Experimental Farm and W. A. Ross and Mr. Hall of the Dominion Department at Vineland, and E. F. Neff of St. Catharines. Plans were outlined for the year's work and the supervisors are now in a position to give this special service. Further information is available through Mr. Goldie, Mr. Palmer, Mr. Neff or Mr. Sheppard.

Missing Man Found Here

Expressed Surprise When Provincial Constable Embleton Stopped Him on Main Street And Told Him The Police Had Been Looking For Him.

Mr. John Ansley of Niagara-on-the-Lake, who has been missing from home since a week Sunday was discovered in Grimsby by Provincial Constable Embleton and has returned to his home. Ansley is eighty-seven years old, and members of his family felt considerable anxiety over his prolonged absence from home. When the officer found him here and told him that the police had been asked to look for him Ansley expressed surprise that any concern should be shown.

Hard to Say Where Home Is

The Lincoln County Council in session last week appropriated the sum of \$116,000 to meet the cost of paving of Pelham road. The County finances the paving of suburban roads, later receiving the city's share of the cost. The road will be paved from the city line to the County line making a vast improvement in the territory affected. The council made a grant of \$500 to the St. Catharines Board of Health to assist in the work of the chest clinics. Authorization was given to alterations in the new reading room, library room, the room east of the library room and the room adjoining the council chamber. In these days when so much is heard of the residence rule in sports it is hard to say where a man's home is but the Lincoln County Council had one sprung on them last session that will further complicate matters. An account was received from the hospital in Woodstock for treatment being given a man there. The invalid claimed Port Dalhousie as his home. Reeve Sutton of the lakeside municipality made enquiries and after burning up the telephone wires eventually found that the man had lived in Port but left there 31 years ago.

Beamsville For Hydro Power

Village Council Asks Hydro Commission to Send Representative—Storm Interruptions to Present Service Prompted The Move.

The members of the Council of the Village of Beamsville in regular session on Monday night unanimously voted to ask that a representative of the Hydro Commission meet them in conference relative to supplying them and power to the corporation. At present the village is supplied with light and power by the Dominion Power Company, the same as Grimsby, but it is said that some of the ratepayers in the village to the east of us are dissatisfied with the service although it is noted that during the past few years Beamsville has been furnished with little or no complaint has been heard regarding it even when Grimsby had the heated election, Hydro vs. Dominion Power. The interruptions to the service during the recent wind storm have doubtless hastened action by the Beamsville council with a view to linking up with the Hydro.

The whole of virtue consists in its practice.—Cicero.

Forty Creek on The Rampage

Beach at Pump House Washed Away—Water Commissioners Express Fear—Breakwater Likely to be Built.

The Forty Creek went on a real rampage early Friday night, which continued over the week-end, and the water reached a new high level and in some places overflowed its banks. Swollen waters of the creek cut a new course in the property just west of the Village Inn and it has completely flooded the low lands at the foot of Ontario Street.

BEACH GONE. Rough lake water, assisted by the waters of the Creek, have completely washed away the beach at the pump house. The land where Hlad & Co.'s fishing shacks stood is now under water. Thus the passing of the beach has made another problem for the water commission, who fear that the pump house will be surrounded in time unless a heavy breakwater is built to stop the constant eating away of the shore line by the rough lake water.

Band Concert Sunday Night

First Appearance of Band This Year—Good Program Assured—Band at Full Strength—New Bandmaster to Conduct Band.

Music lovers of Grimsby will hear for the first time this year, the Grimsby Band under the leadership of L. Turner on Sunday evening next, at an indoor band concert in Moore's Theatre.

During the winter months the band have added many new members and have held practice twice a week and on Sunday they will be at full strength.

Selections by local talent will intersperse the band music. A silver collection will be taken at the concert and the concert will commence at 8:30 sharp.

Board of Education Met Wednesday

The board of education held its regular monthly meeting Wednesday night in the council chambers. It was decided not to give any contracts for caulking the windows of the new high school for the present. The secretary was authorized to take advantage of a good offer to buy a safe for the keeping of the books belonging to the board. Mrs. L. A. Bromley, who was delegated to attend the annual school trustees convention will give her report at the next meeting of the board. The accounts received were passed and the Treasurer and airman were authorized to sign and send cheques to pay the same.

Six firemen on Thursday night handed in to Chief Talbert their resignation to take effect at once. Among them were four officers of the company.

RADIO MAY AID MAN IN STUDY OF WILD LIFE

Do animals converse? Harry Allen, famous New Brunswick guide says they do, and he speaks from the experience of a lifetime spent in the woods, which flank his twenty-eight miles of the Gaspere River. Within certain narrow limits, he insists, the language of the wild can be interpreted by man with such skill that it deceives the animals themselves. Thus, the call of the cow moose in the mating season is more often than not a successful lure in bringing the bull to the hunter. The cry of the hunting wolf and the howl of the migrating geese are easily imitated by the initiate and are many of interpretations. These, however, are particularly new in this. What is new, is Mr. Allen's claim that animals communicate with one another by sounds inaudible to the human ear. That they do converse and communicate one with the other is demonstrated in a thousand ways each day. What our well-known guide suggests is that radio will eventually solve the question and be the means of interpretation of the animal conversation.

"That the human ear is sensitive to but a very narrow and limited range of vibrations is in fact certain. What Mr. Allen hopes to prove shortly is that all animals are sensitive to, and make use of, "wave lengths" outside the range of mankind.

"It is a common occurrence in the woods to see a cow moose leave her calf, or a deer her fawn," says Mr. Allen by way of example. "I have seen it hundreds of times. Every time the mother animal has instructed her young, in a language inaudible to human ears, not to stray. That language was quite intelligible to the young, but although I have sometimes been within touching distance, I have never heard the faintest sound, beyond at most the blowing out of air from the nostrils which had no apparent significance. The young of the moose or deer will remain exactly as its mother left it, even though she be gone for half an hour at a stretch. More than that—in case of extreme need it will "radio" its mother without apparent sound.

"I have experimented on the problem many times. In each case it has been the same. I have waited until the mother has gone some distance; then have approached and stroked the young animal. Beyond a slight twitching of the skin, it has not moved, but I must have sent out a call, but almost immediately I would hear the crashing return of the mother through the undergrowth. At such moments I would not pursue my investigations further."

Mr. Allen has cited many other "conversations" to members of the Toronto department of the Canadian Pacific Railway who are encouraging him to develop his theory still further as he engages in the role of guide, philosopher and friend to the fisherman and the hunter.

Warm Weather Viewed With Alarm

Fruitgrowers Entertain Fears If Warm Weather of the Week-End Should Continue—Late Frost Might Affect Early Buds That Warm Sun Has Forced Out.

Fruit farmers expressed some concern over the week-end as to the effect of a summer-like weather on the fruit trees, particularly the cherries and peaches. And from various points of the district, reports agree that this sudden ushering in of warm weather might spell trouble later on.

One local grower, when consulted about the matter, said that the peach and cherry trees were budding fast under the hot rays of the sun, and it was advancing them so rapidly that if a sudden frost was to come up later on it would practically ruin the crop. "I would," said one grower, "like to see the weather moderate so as to give the buds a chance and not bring them on until all fears of frost had passed."

Trees have, according to reports, come through the winter very well, and from present indications it would appear that a fair crop is assured, unless some unforeseen act takes place between now and blossom time.

Bowlers to Meet Friday

Annual Meeting Scheduled to be the Biggest in the History of the Club—Many Matters of Importance Appear on the Agenda.

Grimsby Lawn Bowling Club will hold their annual meeting in the town hall on Friday evening and from all reports it is likely to be the biggest in the history of the club. During the season of 1928 the Club was responsible for much publicity for Grimsby and the tournaments attracted bowlers from far and wide, especially the fruit tournament which was the biggest turnout in the whole province. An unexpected report says that the taking in of lady bowlers as members of the club will be discussed at Friday night's meeting as well as the election of officers for 1929 and the arranging for the annual dinner, which is scheduled to take place some time in April.

Clean up Week To be Held

Clean-up week dates will likely be announced at tonight's council meeting as it is understood that the local Board of Health has asked the co-operation of the council in the matter of the clean-up week.

Teams will be used and the same form of collecting will be carried out as last year. The last week of April will likely be the date set.

The men resigned, it is said, because Chief Talbert was re-instated, and as they had supported Mr. Durham for chief they thought that they should resign.

After Eating Poison Pills Local Child Dies

Four-year-old Margaret Flint Dies After Eating Pills Found on the Sideboard in Her Home—Medical Aid Arrived Too Late to Save Life of Little Tot—Mother Becomes Distracted—Father of Children, a War Veteran, Died Here Some Time Ago.

The home of Mrs. Thomas Flint, Grimsby, who is the mother of five children and the wife of a war veteran who died of wounds received in the war, was the scene of a tragic and fatal accident on Friday evening last when her bright little four year old daughter, Margaret Jans died in convulsions after eating several chocolate-coated pills, which it is said, contained strychnine. She found them in a box on the shelf on the sideboard of her home.

Coroner Dr. J. F. McLay, who was called just before the little girl died, summoned a nurse. He stated that had a doctor been summoned early the child's life would no doubt have been saved. The mother, however, did not know what the child had taken, and when she complained of pains in the stomach, the mother thought that it was only a minor complaint and treated it accordingly. It was not until the Coroner questioned the older boy, George, that the fact was disclosed that the child ate twenty-five of the pills, containing probably a grain of strychnine.

The tragic happening came as a severe shock to the mother who remained beside her dead child the entire night but early on Saturday collapsed and was forced to her bed. The funeral of the child took place on Saturday, interment being made in Queen's Lawn Cemetery.

Owing to the fact that the family, which consists of the mother and the remaining four children, is without funds, the relief committee of the town was appealed to and made the necessary arrangements for the burial of the child. The children are being cared for by friends.

On Watch Here

For Car Believed to Carry Alleged Murderers of Man at the Falls.

Local police watched the highway here Saturday night for a coupe believed to have been used by the men who ambushed and murdered Victor Gaudier in Niagara Falls earlier in the evening. The dead man, who was a member of the Mafia, was stabbed in fifteen different places by two assailants and the local authorities were given the license number of the auto believed to have been used by the suspects. They did not pass this way according to police reports.

He that bath a triple bath an estate, and he that bath a calling bath an estate of profit and honor.—Franklin.

Two Motor Smashes Saturday

Farrow's corner was again in the limelight on Saturday morning when a large motor car hit the curb at Farrow's house and had a wheel broken off. Accidents there have been few and far between since the council had the warning sign erected. In most cases high speed is the cause. Another accident happened on Saturday at the Beach school when an east-bound car attempted to pass an east-bound truck and was headed off by a westbound car. The eastbound car crashed into the rear of the truck and was very badly wrecked although the occupants escaped injury. The truck driver was thrown from his seat in the cab, but escaped with a shaking up. No accidents were reported to Grimsby police on Saturday.

Regular Meeting of Grimsby Town Council

Considerable Business Transacted by Town Fathers—Several Delegations Appeared With Requests—Representative of Barnett Brothers Circus Extends Thanks For Kindness To Them—New Sidewalks, Stop-Lights and Policing of Town Up For Discussion.

The Grimsby town council met in regular session on Wednesday night Mayor Hewson presiding, and all members of the council present. There was a considerable business before the council and it was dispatched in a quick and business-like manner.

In connection with business arising out of the minutes, Cr. Fairbank suggested that the request to the C. N. R. re the stopping of the early morning train should be followed up.

Letters were read from the Grimsby Grape & Wine Company and Mr. Cox asking for sidewalks and repairs. E. S. Johnson applied for a rebate on his business tax.

Delegations were next called and Ex-Warden Harlan Strong, Corn Rorer Inspector, addressed the council asking for the co-operation of the citizens and town officials in stamping out the corn borer pest.

Messrs. J. H. Culp and W. Farrow appeared asking for a grant to the town band. Mr. Hamilton of Barnett Brothers Circus appeared on behalf of the Circus. He extended to the citizens of Grimsby through the Council, words of praise and thanks for the treatment accorded the Barnett Brothers Circus during the winter. "We were," said Mr. Hamilton, "Skeptical at first but we have had a wonderful year and we have had the best of treatment from the people of Grimsby. We have tried to conduct ourselves in such a way as to make ourselves an asset to your town. We want to come back again and I am here to ask for a lease on the Baymac building and hope that you will appoint a committee to confer with us before we leave on May 4th."

Mayor H. Hewson thanked Mr. Hamilton for the kind words said about Grimsby and the people of Grimsby.

year," concluded the Mayor. Town Auditor C. S. Boyd, then presented his report for the year and explained it in part. The remaining portion being left to be considered at a special meeting. Mr. Boyd did, however, point out, that the town, after all obligations had been met in 1928, had an overdraft of only \$235.00. The cemetery, he said, been self-

brought to full strength. At least the men should continue until the 1st of May and Light Committee moves to discuss the matter "H. Hillier pleaded with the council to have the speed-by-law enforced. He stated that motor cars at present passed through the town at thirty and forty miles an hour. "I fear a serious accident," stated Mr. Hillier.

NEW INDUSTRY LAUNCHED

A new and substantial industry which, it is stated, will furnish employment to over two score of people during the canning season, has just been launched by a veteran in the Canning industry, Mr. Edward Todd in association with his son and other interested citizens of the town. As it will furnish another market for the products of the fruit and vegetable growers of the district, it will be welcomed by those engaged in fruit growing throughout the surrounding community, large acreages of beans and tomatoes already having been contracted for, while later on contracts for fruits will also be entered into.

The long experience of Mr. Todd, in the Canning industry and the excellent quality of the vegetables and fruits available, is assurance that the product turned out will measure up to a high standard and there is every reason to believe that the new enterprise will be attended with success. The fact that the industry will utilize the products of this fine fruit district will serve to make it all the more welcome.

CARING FOR CEMETERIES

In order to ensure that cemeteries are well kept and make a presentable appearance, an increasing number of communities are adopting the perpetual care plan, under which cemetery plots are given constant attention.

The town of Grimsby some time ago adopted this progressive policy and it has been meeting with general favor, evidenced by the fact that many owners of plots have taken them on the perpetual care plan. The cemetery committee reports that another \$300 has been paid in since the first of the year, bringing the amount of the fund for perpetual care to the substantial sum of \$3,000.

As one travels through the province one comes upon cemeteries which indicate that they are not receiving the care they should, in strong contrast to others which give evidence of having had attention and are a credit to the municipalities.

It is pleasing to note that the municipality of Grimsby has seen fit to put the perpetual care plan into effect here, as it is working out most satisfactorily in this, as well as in other communities in which it has been adopted.

DISCOVER NEW SOURCE OF SUPPLY

From time to time it has been found that when a shortage threatens in connection with a commodity in general use, inventors and scientists, by applying themselves to the task, almost invariably discover a new source from which to secure it.

This has been the case with reference to the world's rubber supply and the prediction of a famine in that indispensable product. Among those who applied themselves to the task was the world famous inventor, Thomas Edison, who, with characteristic industry, retired to his laboratory in Florida and after experimenting with plants returned to inform the world that there are 1,400 plants in the United States of America that will yield rubber, and among the most common and easily grown, the golden rod that flourishes by every wayside.

This is but another illustration of the fact that the threatened extinction of some important commodity leads to the discovery of a new source of supply. After all, little is known of the possibilities and potential usefulness of the common things about us until some vital circumstance arises which discloses their value.

NEW MINING REGULATIONS

The Federal Department of the Interior recently enacted new regulations to foster the interests of the mining industry and the public, and mining rules have been revised with this end in view. They were drafted by the Minister of the Interior, Hon. Charles Stewart, and have been passed by order-in-council. They attest the vigilant interest exercised in this respect by government supervision, and bring the new regulations abreast of present conditions.

The new regulations provide that every person and organization engaged in mining activity on Dominion lands must hold a miner's certificate. Such a certificate entitles the holder to stake and record three claims for himself and three claims for each two other licensees or nine claims in all (a total of about 450 acres) in each mining division. In the Northwest Territories double this number—that is to say, eighteen claims—may be staked and recorded. All claims must be marked by four legal posts and as soon after as reasonably possible, metal tags supplied by the department of the interior

must be attached to the posts.

Before a lease can be issued to a licensee, two hundred days work must be done on the claim during a period of five years or less. Provision is also made so that if desirable, improvement work may be started as soon as the legal posts are in place. At least forty days' work must be done in each year. When two hundred days' work has been performed, the claim surveyed, discovery established, certain other requirements complied with and accepted, the recorded owner will be entitled to obtain a certificate for improvements and upon payment within three months of the rental and fee, he will be entitled to a lease for a period of twenty-one years, without further payment of rental. Renewal for an additional period of like duration is subject to rental.

The new regulations governing the collection of royalty require that payment be made on the profits of the mine in excess of \$10,000 during any calendar year. This royalty is fixed at three per cent. of the annual profits over \$10,000 and up to \$1,000,000; five per cent. of the excess over \$1,000,000 and up to \$5,000,000.

PROTECTING BIRD LIFE

That widely known lover of bird life, Jack Miner, who has exemplified his love of his feathered friends by supporting a bird sanctuary at his home near Kingsville for many years, finds that he requires assistance in the task as he has not sufficient funds to enable him to go on perpetually feeding the growing number of birds that are attracted to his bird sanctuary. He has therefore asked the Dominion government to grant him \$3,000 a year for the express purpose of caring for the birds that find their way to Kingsville for food during the spring migrations. He himself has spent thousands of dollars each year in feeding and caring for his feathered friends, but through lack of funds, is unable to longer do so without aid.

The request of Jack Miner is assuredly worthy of early consideration by the government, and many will agree with the sentiments expressed by a writer in a current issue of the New Outlook, when he says:

"We do not know just what the government will do in the matter, but we would suggest that as already there is no hunting allowed within one mile of Jack's place, it would be a good thing to pension Jack, and take over the farm and make it a national sanctuary or a provincial one, and place it in charge of Jack and his descendants so long as they desire to take care of it. And, more than that, we would like Jack to have the privilege of naming other places throughout the province which shall be treated similarly. Jack is a citizen of whom Canada and Ontario have the best reason to be proud, and we say so now while he is alive; and his best monument would be the preservation of the present sanctuary and similar ones throughout the province. And we are well able to do it. It should be a matter of rivalry between the province and the Dominion to see which should have the honor of taking this most laudable action."

COMPLETE HUDSON BAY ROAD

The completion, the other day, of the Hudson Bay road into Fort Churchill as The Globe emphasizes, marks an imposing milestone in a venture which, it is hoped, will measure up to the expectations of its promoters. If it does it will change the route of shipping valued at tens of millions of dollars annually, save a fortune each year for Western agriculturists, affect the business of the United States as well as the Canadian railways, and for several months in the year cut more than 1,000 miles off the distance between Europe and the Pacific.

Commenting further on the undertaking, this publication says:

"The Hudson Bay Railway is being built to meet the demand of the Prairie Provinces. Their faith in its potentialities has not wavered since it was first proposed, but to the rest of the country the large expenditure involved has yet to be justified. There is no doubt that its justification will be welcomed, for if additional prosperity is thereby brought to the West, the entire country will be better off. Its success would give a new impetus to settlement, both agricultural and industrial, and as a shortening of the route between Europe and the Orient would add importance to a territory awaiting opening up.

"There is also the possibility of the road serving the country well by clearing the way to mineral and agricultural development in tributary territory, as the Timiskaming and Northern Ontario Railway has done in this province. Its route traverses an area highly mineralized, while the Department of the Interior points out that potential agricultural land may be found in Manitoba as far north as the fifty-seventh parallel, and even beyond. This is seven degrees farther north than is Churchill, while along a portion of the route covered are areas which can be turned into agricultural use. The Hudson Bay Railway, therefore, has two chances at least to pay its way through service, although its possibilities as a grain carrier, if they materialize, will greatly outweigh the other."

NOTES OF NEWS FROM NEARBY CENTRES

TO SPEND MILLIONS

The announcement is made by the Bell Telephone Company of Canada that included in a big extension program planned between now and 1933, is an expenditure of \$4,411,000 on the company's service in Hamilton.

Expenditures will also be made in the following places: Burlington, \$54,400; Dundas, \$37,100; Guelph, \$411,000; Oakville, \$279,000; Brantford, \$290,000; Kitchener, \$397,000.

SECURE LARGE AWARDS

Mrs. J. Calvert was awarded \$2,000 and Miss B. Kihl the sum of \$2,500 last week for injuries sustained last July, when the bus in which they were riding was struck by a C.N.R. train in Stamford Township. The jury, under Justice McKoy, awarded Annie Granehog \$5,000, and Otto Soderling \$3,500 for injuries they received in the same accident.

LAWYER SECURES BAIL

H. D. Petrie, Hamilton lawyer, was allowed bond by Federal Judge Charles E. Woodward, at Chicago, April 8th, after he had spent more than a month in jail on charges of illegally entering the country.

Bond of \$2,500 was allowed after government counsel informed the court that while Petrie had been ordered deported by the Department of Labor at Washington, they have not yet had opportunity to prepare an answer to the charges of writ of habeas corpus brought in Petrie's behalf, claiming he was being held in jail without authority.

SHORTAGE DISCOVERED

A shortage of \$3,340.76 has been discovered in the account of the water bureau at Niagara Falls in the administration of J. Robert Perry, it was announced by William D. Robbins, city manager. Perry resigned as accountant in the department early this year.

The shortage was discovered, according to Robbins, by Eugene T. Creagh, city auditor.

Robbins said the company which bonded Perry had been notified, and that any action taken in the case would have to be instituted by the bonding concern.

TOWN ALMOST FLOODED

Torrential rains on Friday were within an ace of flooding the town of Dundas, and as it was, the low-lying section along King, Baldwin and Dundas streets was practically inundated. King street at this point resembling a macabre of swirling, seething water.

The Dundas creek, above the abutment, near the Jones Bros. factory, rose level with the bank, constituting a high-water mark in Valley City history, and though no damage was done by the rain, it is said that flood water has never been so plentiful in a quarter of a century.

As I see in the body, so I know in the soul; they are oft most desperately sick who are least sensible of their disease.—Arthur Werwick.

Herbs That Heal When Lungs and Bronchial Tubes Seem all on Fire

Fifty years ago, a quiet-going and James Gallagher, came to Peterborough County. He was a nervous still in consequence of his ailments. One of his most persistent ailments was his lungs and bronchial tubes. He was a sufferer from asthma, and his lungs were full of the healing power drawn from Mother Nature herself. Wonderfully healing to inflamed tissues, a mixture of gold, red blood. Make the acquaintance of this tried, reliable remedy. Keep well and live. WHAT CHANCE AGAINST FIRE HAS A ROOF LIKE THIS?

MODERN BUILDING—for permanence, low-upkeep and appearance—sounds the death-knell of wooden roofs. The dangers of fire to the building itself, to other buildings and to human life is rapidly being banished by metal roofs of high quality.

RE-ROOF WITH RIB ROLL

The appearance of this roofing alone has sold thousands. Whenever a roof of this material is laid in any district, it immediately secures a preference, and others who are roofing any kind of building, whether it be barn, house, garage, shed or warehouse insist on Rib Roll. It is made to famous "Council Standard" specifications.

EASY TO LAY ON NEW ROOFS OR OVER OLD ROOFS

The cost of laying Rib Roll is lower than that of nearly all other types of roofing. Any man who is handy with a hammer can put it on. Its handsome appearance adds many dollars to the value of your property. Send ridge and rafter measurements of roof or roof in question, for free estimate of cost.

Four New Canadians from Squagwya whose native dances delighted thousands to attendance at the Regina Festival.

From whatever viewpoint it is to be judged, the Great West Canadian Festival recently brought to a conclusion at Regina, was a success. In attendance it eclipsed its forerunner at Winnipeg last year. Its handicraft exhibit covered a wider range, a more comprehensive representation of the peoples of the West had been arranged. For and, in the words of J. M. Gibson, sponsor of the festival, "Shashachewan has proved that within its borders is the foundation of an art upon which will be built a structure of national culture finer than that of any other nation on earth." Over hundred folk-dancers interpreted the dances of many racial groups. Folk-singers numbered over one hundred and sixty. Handicrafts struck response from the thousands and it is safe to say that next year's festival, which is already being planned, will receive still greater support and present a more magnificent to be equalled on the continent. The festivals have been arranged under the auspices of the Canadian Pacific Railway.

Local Items of Interest

The Board of Education held its regular meeting in the town hall on Wednesday night last.

Every day sees the Barnett Bros. Circus family grow; troupers are arriving daily.

North Grimsby Township Council will meet in the town hall Saturday afternoon.

FOR SALE — 3 well-bred kids (baby goats). Phone 63, Grimsby, 10

The Grimsby Bakery has erected a handsome electric sign in front of their Main street store.

A public meeting is being held in Moore's theatre on Tuesday, April 16,

at which Principal Hutton, M. A. Oxon, L. L. D., will be the principal speaker.

A new flag floated resplendent in the breeze from the post office flagpole on Saturday, not before it was needed.

Many people spent Sunday afternoon on the Mountain side gathering May Flowers, which are now out in abundance.

Hear Principal Hutton, M. A. Oxon, L.L.D. at the public meeting in Moore's theatre Tuesday night, sponsored by the Grimsby Branch League of Nations.

Several people visited the pump house to see the damage done by the big lake waves. Many were surprised to see the beach at this point gone.

Hundreds of fish during the high water found their way from the lake up the Forty Creek and young as well as old are having a wonderful time fishing in the deep pools where the fish were trapped when the water receded.

The West Lincoln Branch of the Canadian Legion, British Empire Service League, will hold a church parade next Sunday afternoon. Members of the Legion and all ex-service men are asked to meet at the armistice at 2 p.m., and parade to the Anglican church where Major Rev. Gore M. Barrow will deliver an address.

Word has been received from headquarters, that B. Company, Lincoln and Welland regiment, will proceed to camp at Niagara-on-the-Lake on June 21 for twelve days. Any man wishing to go should get in touch with Major W. W. Johnson, D.S.O., M.C., officer commanding B. company.

A representative of the Great Lakes Highway association was in town on Saturday arranging for the town's display in the association booklet which will be issued in the near future. It is expected that linking up with this organization will greatly increase the tourist business during the coming season.

Real summer prevailed here over the week-end. On the shady side of Main street the thermometer registered 81 degrees on Saturday afternoon. Overcoats were thrown to the discard and summer clothing rooted out. A few straw hats made their appearance but how long they will remain is problematical. Ice cream was in great demand at the restaurants. Traffic was extremely heavy for this time of the year. Sunday was somewhat cooler, the thermometer showing 76 in the shade during the afternoon.

Trinity United Church Young People's Society held their missionary meeting Monday evening. Owing to the absence of both the president and vice-president, Mr. Wood occupied the chair. Miss Madeline Blanchard read the Scripture lesson. Miss Phyllis Turk gave a very amusing recitation. The topic for the evening was "Medical Missions in Canada." Short accounts about this work were read by the following girls: Marion Marsh, Olive Farwell, Ina Hildreth, Doris Tuck, Florence Love, Freda Meredith and Betty Wood.

It was interesting to see how motor car drivers slowed down when they saw Chief Wentworth on traffic duty on Main street Sunday. Quite frequently Main street is used as more or less of a speedway. On account of his many duties, the chief is unable to be there constantly. The suggestion has been made that a stop-signal should be installed on Main street at the corner of Depot street.

MAD FOURTH TO HOLD RE-UNION IN HAMILTON

This well-known overseas Battalion is to hold a Reunion in Hamilton on the 20th and 21st of April, 1929, in commemoration of 2nd Battle of Ypres when this unit earned for themselves a name that will go down in history by their gallant stand on that day.

All members who are interested are requested to write Capt. R. E. Watson, 36 Beulah Ave., Hamilton, who would full particulars.

It is expected that upwards of six hundred will attend.

FOR SALE — One eighty gallon spray tank and engine mounted on bed pieces for wagon. Sell as unit or separate. Apply S. B. Bonham, phone 183.

EMPLOYEE OWNERS
The Bell Telephone Company increased its permanent staff by 1300 employees during the past year. This brings the Company's total number of employees up to 16,240. It is interesting to note from the company's annual report for 1928 that of 13,350 employees eligible to subscribe to the company's stock, under its Employees' Stock Plan, 10,618 workers are at the present time subscribing for 48,996 shares.

Why Gum-Dipping Increases Tire Life

A tire in use is being constantly kept backwards and forwards by road action. Such movement generates friction and heat that has a deteriorating effect unless the tire is built to withstand it.

In the carcass of a Gum-Dipped tire there is less friction to generate heat because Gum-Dipping puts a coating of new live rubber around each separate cord that keeps it from rubbing against the cords that lie next to it. It stays cooler and therefore lasts longer.

Your local Firestone Dealer will gladly advise you on your tire problem. See him today.

284. Three fish hatcheries will soon be in operation in Ontario, those at Renfrew and Watkinson Lake being supplemented by one at Edmonston. Each can handle 1,000,000 fry a season. These are not necessarily "tried fish."

A twenty dollar gold piece that was insured for a thousand dollars and that sold for twelve hundred, was recently shipped by Canadian Pacific Express. The coin was one of seven struck by the government in the Cariboo district at the time of the gold rush. It was thought that a mint could be operated on the spot. This proved uneconomical, however, and after seven pieces had been issued, the project was abandoned. The coin in question was shipped by the S.E. Montclair to a numismatist in England.

Over 97% of the total investment of the Canadian Pacific Railway and all its varied enterprises are in Canada.

Most fruits, except those indigenous to the tropics or sub-tropics, are now grown in British Columbia. Apples, apricots, cherries, peaches, plums, prunes, nectarines, figs, gooseberries, raspberries, strawberries, grapes, almonds and other tree hardy fruits and nuts are now grown commercially. Apples have been grown for 17 years, raising in volume of production from 22,000 to 2,000,000 bushels.

With 33 arrivals scheduled at the Port of Montreal and Quebec during the 1929 season, the Canadian Pacific sets up a new record for tonnage sailing its ships via the St. Lawrence route. There will be 74 arrivals and departures at Montreal and 25 at Quebec, the season opening with the arrival on April 28th of the Montclair and the departure of York. Two latter will be on her maiden voyage of the St. Lawrence. The first arrival at Quebec will be the Empress of Scotland, May 4th, after a winter of cruising in the Mediterranean.

One little pig went to market and low and behold there were eight little pigs when the shipment arrived. It was a sow, and on route seven little pigs were born. Whether the shipper or the express company should pay the fare of the seven extra and unexpected pigs is a matter that has not been decided yet.

Thirty thousand tons of railway material—tracks and steel framing for box cars—will shortly leave Vancouver for the Orient, as equipment for the Trans-Siberian Railway. The order for this material was placed thirteen years ago, but delivery was halted with the outbreak of the Russian Revolution, and the equipment held in the Canadian Pacific Railway's yards at Connaught until conditions for delivery were more favorable.

Vancouver's growth since its incorporation in 1886 is revealed by the official estimate of the population of the new city by the assessment commission which places it at 22,150 for the city proper. A reliable but unofficial estimate of its population of Greater Vancouver is 22,000 exclusive of New Westminster. Greater Vancouver includes the City of North Vancouver, the district of North Vancouver and the municipalities of Burnaby and West Vancouver. Greater Vancouver and New Westminster together have a population of about 200,000, or about half the population of the entire province.

Don't forget we print visiting cards. Phone 36.

RIB-ROLL
A really practical device for preventing slipping and skidding on wet or icy roads. It is a simple, easy to use device that can be put on any car or truck in a few minutes. It is made of a special material that grips the road and prevents slipping and skidding. It is a real safety device that every driver should have.

SPECIAL SPRING

"GIMME, GIMME, GIMME"

How can any man possibly look as pleasant as this Gymnasium instructor, with seven charming ladies crying "Gimme" at once? The answer is that the photograph was taken on the Canadian Pacific line "Duchess of Richmond" during a cruise of West Africa, the Indian Ocean and the Mediterranean. This was the last photograph taken by the late "Tippie" Edwards, father of the modern illustrated newspaper.

"He who is pleased with himself grows no more."
—Alexander MacLaren.

Miss I. Moxley spent Sunday with friends in Waterloo.

Miss Florence Laing of Hamilton spent the week-end with her parents, Charles and Mrs. Laing.

Mr. and Mrs. Reg. Durham re-

turned to town after a week's vacation in Buffalo, Philadelphia and New Jersey.

"Bud" Fisher, former goal-keeper for the Peach Kings, and Mrs. Fisher are spending a few days with H. and Mrs. Fonger.

Mrs. K. L. Mogg of Galt is spending a few weeks with her son H. G. Mogg, Main street, west.

Mr. and Mrs. W. B. Shantz, Nellie Boulevard, spent the week-end in Kitchener and Waterloo.

Mrs. Kerr of Leamington and her two daughters motored to Grimsby on April 1st, and are visiting Mrs. Kerr's mother, Ontario street.

Mrs. Chamberlain, who has been residing with her sister-in-law, Mrs. Sibbald, 38 Ontario street, fell and broke her arm on April 1st. She is doing as well as can be expected.

Mr. and Mrs. L. Kross who conducted the grocery store at Grimsby Beach, left Monday from Waterloo to make their home at Beaver Lodge, Alberta.

Friends of Mrs. C. S. Dean, who underwent an operation at the hospital in Hamilton on Thursday last, will be pleased to know that she is making a satisfactory recovery.

Mr. Winston Davies has returned to his duties at Warminster, near Orillia, after spending the Easter vacation at home with his parents, Mr. and Mrs. Arthur Davies, Ontario street.

HORTICULTURE

Now that spring has arrived, doors are thrown open wide to let the fresh, pungent tang of the air penetrate to every stuffy old corner in the much-lived-in house through the long winter. One joyfully runs out of doors and hunts around in the forgotten flower boxes. It seems impossible to stay

indoors when the sun is shining so warmly. As one walks around past the homes where the colors vie with one another in their beauty in the banks of lovely flowers, it is pleasant to know one lives here and is able to enjoy each season as it comes with its own special showing of delicate flowers.

Grimsby has a horticultural society to which many lovers of flowers belong, and it is very worthy of support. It has been instrumental in encouraging citizens to beautify the surroundings of their homes with flowers and shrubs. Many thousands of tourists constantly pass, and hundreds of them are sightseers who are quick to see the beauty of the landscape, so that anything done to make the town more attractive will help to create a favorable impression of the community.

One of the loveliest spots in Grimsby is the stream, with its rocky border winding so gracefully down through the town. Trees are dotted picturesquely here and there, and as one slowly walks across the bridge the imagination runs along in fancy, visualizing just how beautiful this bit of scenery could be made if the Town Council or some beauty-loving moneyed person would transform it into a park. The possibilities in horticulture could be revealed here to perfection if this one place were cultivated and developed to its fullest extent. Surely one could not dream of a prettier place to live than Grimsby.—M.A.B.

WITH THE WOMEN'S SOCIETIES

L.O.D.E.

The literary meeting of L.O.D.E. was held Monday, April 8th, in Masonic Hall. A most interesting programme was given and much enjoyed by all present.

Mrs. H. S. Graham gave a most delightful paper on Irish Lyrics, and was enjoyed by all present. Miss Margaret Stewart, accompanied by her sister, Miss Isabel, rendered several Irish songs in her sweet voice. Miss Lees, Education Secretary of L.O.D.E., read a paper on life and work of Bernard Shaw bringing character and writings out most clearly.

Miss Ormiston, who needs no introduction to Grimsby for musical talent, was heard to advantage in her piano selections of Irish music. Four young ladies of the High School gave a very pretty Irish dance. The meeting closed with singing on National Anthem.

The L.O.D.E. bridge club will meet Monday, April 22nd, at the home of Mrs. Wolfenden. There being five Mondays in April, next Monday, April 15th, will be an off day for L.O.D.E.

WOMEN'S INSTITUTE

The monthly meeting of Women's Institute will be held on Tuesday, April 16th, at the home of Mrs. Sangster. Roll call answered with helpful ideas for Mondays and Saturdays.

The home nursing class, which was held by Women's Institute, came to a

most successful finish. Miss McAlpine, the nurse, was much pleased with the work accomplished and stated that out of a class of thirty-six, seventeen finished with an average between 75 and 100 per cent. Certificates, sent by Red Cross headquarters, will be presented to the ladies next Tuesday at the regular Women's Institute meeting.

COOKERY CORNER

LIVER STEW

Cut in small slices pig's liver, skirts and heart. Wash in several waters and place in roast pan. Next peel and slice onions enough to cover. Season with sage, pepper and salt. Sprinkle with flour. Dot with bits of dripping. Add water to nearly cover and bake (without a lid) in oven 1½ hours or until tender, stirring occasionally. Serve hot.

SUPPER DISH SALMON AND CORN

Remove bones from 1 large tin of salmon, flake and add salt and pepper, 1 or 2 eggs well beaten, ¼ cup or more milk, 4 or 5 biscuits rolled. Do not be a mixture too thick as it thickens on cooking. Pour into a buttered baking dish and cover with a can of corn (or peas) to which has been added a bit of milk and thickened with corn starch or flour. Bake in a moderate oven.

DANDELION SALAD

Gather young fresh shoots of dandelion, wash well in many waters. Then cut up 3 or 4 slices of fat bacon, put in frying pan and render out most of the fat. While it is hot add ¼ cup vinegar, add a little water if very strong, sugar, salt and pepper to taste, and when hot add the dandelion after removing from fire. Turn it over until well mixed, then put in a bowl and lay over the top with a hard-boiled egg.

TASTY MEAT MOULD

(By Mrs. Agnes Margherison)
Garnish a glass baking dish with thin slices of hard-boiled egg whites and thin slices of green sweet peppers. Arrange in the pan layers of cooked veal, sliced, hard-boiled eggs, sliced ham and thin slices of green pepper. Soak one tablespoon of granulated gelatine in ¼ cup cold stock. Dissolve in 1¼ cups well-seasoned hot veal stock. Add 2 tablespoons lemon juice. Strain and pour over the contents of the baking dish. Let stand until firm and cold. Cut in thin slices for serving. Serve with scalloped potatoes and baked tomatoes.

Troubles are exceedingly gregarious in their nature, and flying in flocks are apt to perch capriciously.—Dickens.

Don't forget to print visiting cards. Phone 36.

POETRY

A QUESTION

A curse, a kick,
A howl of pain,
I watched the dog
Slink back again.
And through my mind
The question ran—
Which is the brute,
Which is the man?
—Joe Corvis.

HAVE YOU THESE MARKS?

If you are well-bred you will come up to the following requirements:
You will be kind.
You will try to make others happy.
You will never indulge in ill-natured gossip.
You will never forget the respect due to age.
You will not swagger or boast of your achievements.
You will never measure your civility by people's bank accounts.
You will be scrupulous in your regard for the rights of others.
You will not forget engagements, promises or obligations.
You will never make fun of others.
You will never cause another pain if you can help it.
You will be as agreeable to your social inferiors as to your equals and superiors.
You will not have two sets of manners—one for company and one for home use.

Here are a dozen rules of conduct which make for ideal life. For what does good breeding signify but an exemplary code of living?

He who is "well-bred" does not take into consideration his bank account, his family, his social position. Good breeding is a higher stamp which transcends them all. Good breeding is a moral force which cannot be measured in terms of bank accounts and financial descent.

OUR WEEKLY STORY

ALIAS MISTER TYLER

(By Louise Peple Armstrong)

Old Miss Nancy Elliott had become so impressed in the Day Nursery she had started in the Railroad District with some of the money left by her father, that she had forgotten Romance—as Dolly Winston had hoped she would. It was now some months since she had discovered her mother's old seamstress had advertised for a husband and was about to be taken in by an unscrupulous fortune hunter. Dolly felt she had nipped the scheme of the unknown Mr. Adam Tyler in the bud when she had induced Miss Nancy to write him that she would give her money to charity. His letters had ceased abruptly, and it had not been for the many demands the Day Nursery made on her time, the poor woman might have been miserable. In taking care of the babies of the poor, Miss Nancy's days were filled to overflowing. The unknown suitor drifted into the background of her thoughts, and finally she had ceased to speak of him at all.

"I'm so glad she's gotten over that foolishness," Dolly Winston told her husband, a young lawyer who guarded Miss Nancy's finances as zealously as his little wife tried to guard her happiness.

"Don't be too sure," Tom advised, "about any woman getting over a foolish idea. At any time they are likely to fly off the handle and—"

"Really?" asked Dolly in scathing tones. "And when can men be depended upon to act reasonably? How about this Mr. Adam Tyler, for instance, who caused all the trouble from the start—deliberately trying to hoodwink poor old Nancy, and marry her for her money. Think of him, Tom, and don't talk about women!" Tom hid his grin behind the morning paper. He could not help teasing Dolly. "Who knows but what he might be a fine fellow after all?" he speculated. "Perhaps she's just as lonely—just as—"

"Don't be foolish," Dolly snapped. "It's like you to take up for him."

Dolly went down to the Day Nursery about ten o'clock that morning to gather up the laundry. It was one of her self-appointed tasks, and she was conscientious about doing it for Miss Nancy had so much on her hands—so doing the rest of the day here. Dolly was becoming more and more engrossed, too, in this branch of organized charity, realizing its possibilities. She liked to see the thin, undernourished little ones thrive and

(Continued on Page 6)

YOUR EYES and Our Service

Optometry is unlike any other profession in that so large a percentage of the public require an eye service without being aware of the fact.

Please note that word service. One of the greatest changes that has taken place in Optometry is in the growing practice of referring to the work of the Optometrist as service. The Optometrist encourages the use of this term, as the greatest value he renders his patients is determining what errors of vision exist and how they may be corrected. And these duties are properly referred to as service.

THE WEEK'S NEWS OF THE SURROUNDING DISTRICT

THIRTY MOUNTAIN

(From Our Own Correspondent)

The weekly prayer meeting was held Wednesday evening at the home of Mr. and Mrs. J. A. Kemp.

Mr. and Mrs. Egbert Hurst, Mrs. Lloyd and Lawrence Hurst visited friends in Niagara-on-the-Lake Sunday.

Miss Edmonstone returned to her duties at the school after a week's holidays at her home at Kimball.

The stock called at the home of Mr. and Mrs. Joe Sobey on Sunday night and left a ten pound baby boy, both doing well.

Mr. Harry Pike, violinist of McMaster University, and Leland Gregory, vocalist, helped at the services at Thirty Mountain church on Sunday.

Mrs. J. McCrea spent a few days last week with her daughter, Mrs. H. Franklin, St. Catharines.

STONE CREEK

(From our own correspondent)

Mrs. Hildreth has purchased the home of Mr. Melvin Carver.

Miss Mabel Rae of the public school staff spent the holidays in Toronto.

Mr. Samuel Platt recently bought the house on King Street formerly occupied by the late Miss Margaret Nash.

Mrs. Wilmer Fisher of Oshawa has been a guest at the home of her parents, Mr. and Mrs. Davis of Lake Avenue.

The Misses Greta Smith, Gladys Nephew, Isabel Oatway and Pattie Gibson of the Saltfleet High school staff passed the Easter vacation in Washington-Atlantic City, Philadelphia and New York.

The monthly meeting of the Women's Institute will be held on Thursday afternoon at 2.30 in the United Church Sunday school room. The speaker will be Mrs. Brightly of St. Catharines.

The Misses Margaret and Helen Smuck of Toronto spent Sunday with Mrs. Smuck of Elm Avenue.

A missionary pageant will be given Wednesday evening by the members of the United Church Mission Band. Everyone is welcome.

Many from Stone Creek attended the banquet in Toronto which was given by Mr. Austin Smuck, the Warden of Wentworth county.

Don't forget we print visiting cards. Phone 36.

Wickstead is a wonderfully diligent architect of misery, of shame, accompanied with terror, and commotion, and remorse, and endless perturbation.—Pintarch.

Men hate those to whom they have to lie.—Hugo.

GRASSIE

(From Our Own Correspondent)

The concert and play given under the auspices of the Grassie Women's Institute last Thursday evening proved a decided success. The play, "Mrs. O'Leary Goes Into Business," was well presented. The cast included Mrs. F. Black, Miss E. Hopkins, Miss E. Upper, Miss C. Hopkins, Miss A. Verston, Mrs. J. Upper, Miss Irene Monaghan, Marshall Merritt, Henry Haws, Lawrence Hysert, Ross Beamer, John Upper, Basil Crockett, and Gordon Upper.

Music numbers were enjoyed, given by Mrs. Gledson and daughters, Mrs. Laura and Audrey Gledson of Vintemont; Piano solos by Mr. Harry Coon and Mr. Arnold Hodgkins of Timera; vocal solos by Mr. M. Merritt and Mrs. Robt. Beamer; accordion and guitar selections by Mr. H. Coon and Mr. A. Hodgkins, accompanied at the piano by Mrs. J. Upper; and also recitations and readings by Miss Winnie Merritt, Miss Alice Haws, and Mrs. M. E. Conroy of Stone Creek.

Mr. Lindsay Gibson very ably filled the position of chairman. All who assisted with the programme were pleasantly surprised at the close of the evening, when they were served with a dainty lunch prepared by the ladies.

Over one hundred attended the Community Club Easter Ice Cream Social, Euchre and Dance at the Grassie Hall last Tuesday evening.

The hall was beautifully decorated for the event. The prizes for euchre were won by Mrs. A. Watt, Mrs. W. Manary and Mrs. Sharp, Gentlemen, B. Southward and E. Jacobs. The special prizes for highest points obtained in four weeks went to Mrs. F. Walker, beautiful a neck tray, and Harold Southward fountain pen.

Church service on Sunday evening. Mr. Jackson Merritt is quite poorly at time of writing.

Mr. and Mrs. George Franks have moved on to their farm in Calster.

Mr. Arthur Walker is recovering from his recent illness.

Mr. Roland Merritt spent his Easter holidays with his parents, Mr. and Mrs. Jacob Merritt.

The Fulton-Grassie Women's Ins.

State held their March meeting at the home of Mrs. James McDougall, with a good attendance and the president in the chair. There was a lengthy and enjoyable program. The meeting on April 17th will be in the Fulton hall and will entertain the Abingdon branch, commencing at two o'clock.

WINONA

(From our own correspondent)

The young people of Stone Creek are giving their play entitled "The Village Doctor," in Winona Hall, on Friday evening, April 12 at 8 o'clock. This program will be given under the auspices of the Ladies' Aid of Fifty United Church. Everybody come and you will have the treat of the season.

The public school here opened again on Monday last, after the Easter vacation.

Mr. and Mrs. Adam Armour, formerly of Hamilton, have taken up residence in Winona.

The Tuxis Boys are entertaining the C. G. I. T. group to a social evening on Wednesday night of this week.

Miss Marjorie Steele of Toronto spent the week-end at her home here.

Murray Graham of Toronto is confined to his home here through illness.

The members of the Session of Fifty Church held a meeting at the parsonage on Tuesday evening.

Mrs. Horace Cocks spent a few days last week with friends in Toronto.

Rev. Mr. and Mrs. Hunt and family visited their daughter, Mabel, nurse in training at Oshawa on Friday of last week.

The heavy rains have put a stop to all spraying operations and work on the land, which has just begun. It is a long time since this district experienced such downpours as have fallen this week.

During the electric storm early Friday morning, a large tree in F. Heuter's yard was struck by lightning and several panes of glass in his house were broken by the shock.

On Wednesday evening, April 10th, a meeting to which all who are interested in horticulture are invited to attend, will be held in the hall, to organize a horticultural society and elect officers. All who have already joined are requested to be present.

Lightning Destroys

Valuable Farm Buildings

ONE of the times when a man realizes the majesty and power of the universe and his own insignificance and helplessness is when a terrible thunder-storm breaks and the wind and hail lash the trees, and the blinding lightning flashes, each with its own terrific thunder crash, are striking at trees and buildings all around. Even people with steady nerves are likely to quake at a heavy stroke close by and to wonder how much closer the next one will be.

YOUR buildings may be next. Late some night YOU may be awakened by the rending crash of a Lightning Bolt blasting its flaming course thru YOUR buildings. Why take such an unnecessary risk?

Make your buildings safe from the most severe electrical storms by equipping with the Shinn-Flat System of Lightning Protection.

ent.

A very pleasant social evening was spent in the hall on Wednesday evening of last week when the A. Y. P. A. entertained Miss Ethel Fetter, bride-elect and Mr. Geoffrey Ham-brook, who were married on Saturday at a surprise party, and showered them with miscellaneous gifts for their future home. The evening was spent in games and dancing.

A. J. Fletcher has started work on his new gas station and tourist camp. Little Harry Payne who has been visiting his grand parents, Mr. and Mrs. Archie Tweedle at Tweedside, has returned home.

Miss Etta Tweedle of Tweedside is visiting her sister, Mrs. John Payne. The regular meeting of the Y. P. L. of Fifty Church was held last Sunday evening, with Arthur Cocks in the chair. It being devotional night, Norris Wherwell gave a very appropriate address, the title of which was, "How to Find God."

Miss Margaret Kelton contributed a piano solo. The meeting next Sunday evening will be a missionary one, given under the leadership of Miss Anale Johnston, missionary convenor. Mrs. W. Thompson of Detroit is visiting her parents, Mr. and Mrs. John Camps, Station Road.

A very pretty spring wedding took place in St. John's Anglican church last Sunday afternoon when Ethel Kathleen, second daughter of Mr. and Mrs. George Fetter, became the bride of Geoffrey, George Keith, Hambrook, son of Mrs. Elizabeth Hambrook. The happy couple will reside in Water-down.

Mr. and Mrs. James Peterson and family of Hamilton, visited Mr. and Mrs. John Camps on Saturday.

Miss Florence MacKay of St. Catharines was in Winona on Saturday last.

R. O. Y. Ainslie is on the sick list. Miss Ruth Best, who has been confined in her home through illness for the past week, is improving nicely.

The report of the examinations of the Fourth Classes of Winona Public School, Easter 1929 is as follows:

Irene Fletcher	67.1
Jack Coniam	67
Evelyn Cutting	66.7
Willis E. Beeson, teacher.	

VINEMOUNT

Vinemount club held its last regular meeting for the year, Thursday evening, when just two special prizes were offered. These were won by Wilbert Ready (playing as a lady) and Albert Tillerson.

Wednesday evening the club will hold an entertainment in the hall and the program committee — G. Southward, J. Bertram, E. Jacobs and A. French — is planning a good program. Samuel Edmonds, of Elfrida, will sing and other local talent is being provided.

Rev. J. W. Hunt, of Winona, preached to a good congregation at the W.I. service Sunday evening. The evening meetings will be continued through April, after which it is expected that a Sunday school will be held in the afternoon.

Ridge Road W. M. S. held its April meeting at the home of Mrs. Enos Jeffrey Tuesday afternoon.

Miss Lenore Burdick is visiting for some weeks at the home of her aunt, Mrs. Ruth, Ottawa.

Mrs. N. Vanderburgh and Miss Margaret Tuckey are visiting in Detroit.

Miss Shirley French, who recently underwent an operation in Hamilton hospital, is recovering.

Mrs. Fortman and son Fred, of Fruitland, spent several days last week with Harry and Mrs. Depew. Jack Martin of Hamilton was a

recent visitor of his cousin, Gifford Martin.

Charles Oldfield and family visited relatives recently at Unbridge.

FALLS PUBLISHER HEADS ONTARIO BODY

F. H. Leslie, proprietor of the Niagara Falls Evening Review, was chosen president of the Ontario Provincial dailies, at the annual meeting held at Kitchener, on April 2nd. The other officers are: A. Alloway, of the Oshawa Times, vice-president; H. M. Gadsby, of the St. Catharines Standard, secretary-treasurer, and executive committee, A. Holmes, of Galt; H. Fleming, of Owen Sound; E. C. Young, of Chatham; H. E. Muir, of Kingston; J. Goulet, of Ottawa, and J. J. Curran, of South St. Marie.

In all 15 cities were represented at the meeting, following which President Leslie officially opened the Daily Record building, the party being shown through by W. J. Mota, managing director.

The visitors were the guests at the tenth annual banquet of the Daily Record staff, where a newspaper skit was produced which created much merriment amongst the publishers.

If there is anything which keeps the mind open to angel visits, and repels the ministry of ill, it is human love.—N. E. Willis.

The pain of dispute exceeds by much its utility. All disputation makes the mind deaf, and when people are deaf I am dumb.—Joubert.

To Learn Canadian Farming

A N. Ainslie's son and one of the "Young Ambassadors of the Empire," the latter having visited Canada last year with the British "Young Ambassadors" Party, were amongst recent arrivals, at Hamilton, of juvenile Britons coming to Canada for farm work.

The boys are among a party of 125 arriving on the Canadian National Railway. Their placements were handled under the auspices of the British Immigration and Colonization Association.

MORTGAGE SALE

UNDER AND BY VIRTUE OF the powers of sale under a certain mortgage, which will be produced at the time of sale, there will be offered for sale by Goodman Pettigrew, Auctioneer, at Public Auction, Thursday the 11th day of April, 1929, at the hour of two o'clock in the afternoon at the farm formerly occupied by Dr. A. Lockhart, being the following property.

All and Singular that certain parcel or tract of land and premises, situate, lying and being in the Township of North Grimsby, in the County of Lincoln, and Province of Ontario, being composed of all that part of Lot Number Nineteen in the 2nd and 3rd Concessions of the said Township of North Grimsby lying south of the Hamilton and Queenston Provincial Highway and the H.G. & B. Railway lands and west of the lands of James Metcalf and north of the Toronto and Niagara Power Line and also part of the unopened Road allowance between Concessions Two and Three across said Lot Nineteen in the said Township and which is more particularly described in said mortgage, containing Forty-four and Three Tenths acres more or less, which mortgage was registered in the Registry Office for the Registry Division of the County of Lincoln as No. 8695 for the said Township.

On the said farm there is said to be erected a dwelling house with suitable farm buildings.

The lands will be sold subject to a reserve bid.

TERMS OF SALE: Ten per cent of the purchase money paid down at the time of sale and the balance within thirty days. For further particulars and conditions of sale, apply to

Mortgage Sale

Under and by virtue of the power of sale contained in a certain Indenture of Mortgage which will be produced at the time of sale there will be offered for sale, by Public Auction, at James A. Livingston, Auctioneer, at Cosmos Hotel in the Village of Beamsville on

FRIDAY, APRIL 26th, 1929

at the hour of eleven o'clock in the forenoon, the following property, namely:

ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Township of Clinton, in the County of Lincoln and Province of Ontario, and being composed of Lot No. Seven (7) in the Third (3rd) Concession of the said Township of Clinton, containing by admeasurement one hundred (100)

acres of land be the same more or less.

The property will be offered for sale subject to a reserve bid which will be made known at the time of sale. The property will also be offered for sale, subject to an existing First Mortgage thereon. Upon the property is a good frame dwelling, frame barn and outbuildings.

TERMS—Ten per cent of the purchase money to be paid in cash at the time of sale; and the balance in cash within thirty days. Vendor will accept a Mortgage for part of the purchase money, at seven (7) per cent per annum, providing satisfactory arrangements can be made for the balance.

For further particulars and conditions of sale apply to Jas. A. Livingston, or the undersigned.

G. B. McConachie, Solicitor for the Mortgagee.

Dated at Grimsby, this 3rd day of April, 1929.

Shipping as much as an hour and a half of her schedule eastward, and half an hour westward, the Trans Canada Limited, crack flyer of the Canadian Pacific Railway, running between Montreal, Toronto, and Vancouver, will be further remarkable this summer by reason of a "luxurious" car, containing both a special sun-room, that will be included in her luxurious equipment. The Mountaineer, another speedy summer train, running between Vancouver and Chicago, will also have "luxurious" cars, and run on faster time. The Trans Canada makes its first run on May 15, and The Mountaineer on June 18. The former train makes 144 trips during the summer season covering a distance equal to about fifteen and a half times around the world.

PRICE NOT THE ONLY CONSIDERATION

IF in buying an article of any kind, whether it be a house and lot or a paper of pins, the price is not the only thing to be considered by any means. You are not in the habit of going into a store when you want to buy a suit of clothes and saying to the storekeeper, "Give me the cheapest suit of clothes you have in the house." You want the best suit of clothes you can get for the price you pay for it, but you don't usually want the cheapest thing you can find. This does not only apply to clothes, but to all lines of general merchandise. What is there to justify anyone in such a belief? The mere fact that you buy a suit of clothes for \$10.00 does not mean that you are saving money. Your own merchant can get you the same suit, and even better values, if you give him the opportunity. It is not the price you pay that determines whether you are getting a bargain or not. It is the quality of goods that you get for your money that counts. The next time you think about buying anything outside of your own community, if you ever do think of such a thing, go first to your home merchant and ask to see the article or articles which you are thinking of buying. It is a courtesy you owe your community as well as merchant, and it always pays.

Our Weekly Story

Continued from page 5

grow rosy and chubby with good care, like flowers that are refreshed by gentle rain.

"There's a gentleman been here to see the place, M'am," said Milly, one of the colored girls who helped there. He asked if this was Miss Ellett's home for children. He seemed very much interested. He asked about the expenses."

Dolly's heart beat high; she had heard tales of millionaires who traveled incognito about the country, dropping into charitable institutions, and

often making generous gifts. With an endowment of \$15,000 or \$20,000, they might have the new building, scientifically perfect, of which she was beginning to dream.

"Did he say he'd be back, Milly?" "Did you ask him to wait?" she asked the girl on whom she and Nancy were coming to depend on more and more in emergencies.

"He said he must see something of the town," Milly replied. "He said it had been years since he was here."

Dolly's spirits were somewhat dashed. Maybe he was not a millionaire after all. She tried to recollect someone who had left town years ago, and had accumulated a fortune—but she could think of no one.

Half an hour later, as Dolly had finished counting the laundry and tying it in packages to take away in the car, Miss Nancy Ellett came in, her eyes shining.

"What do you suppose?" Nancy cried. "I've a letter from Mr. Tyler!"

Dolly gasped. "That man? Oh, Miss Nancy."

"He's been ill, and business has kept him from writing before. It really is beautiful, the way he expresses himself. Let me read you his letter. Dolly. And he asks about the Day Nursery—I'd written him about it—about how much money I've put into it. But see, he writes on a typewriter, Dolly!" A shadow crossed Miss Nancy's eager old face. "I've always considered it rather crude for a gentleman to write a lady on the typewriter—but then he's a busy man."

And she read the letter, her voice heightened with emotion.

"So he's been thinking of coming to Camden soon?" Dolly asked.

"He just hints that he might come when he can leave his business."

Dolly sniffed scornfully, but hid her disgust from her old friend. The morning routine finished, Miss Nancy took charge of the nursery for the remainder of the day, and Dolly went home. She was so upset over the catastrophe of Mr. Tyler's renewed suit she forgot about the strange visitor.

On the following morning, however, she arrived early at the nursery and found him there. Milly, rather flustered by having had to receive him,

introduced them "Miss Winston, this is the gentleman who inquired about the work, here, and—"

"Oh, I'm glad you came back," Dolly cried. It's rather a pleasure to have an out-of-town visitor appreciate what we're trying to do. You must let me show you about—no trouble at all, I assure you!"

He was an elderly, quiet-looking man. His clothes were neat and conservative in cut and color. And there was something in his thin, aristocratic face which inspired confidence. She knew he was the real thing—there was something assured in his mild manner. So she carefully explained the nursery in detail, showed him the sunny sleeping room with its rows of white cots, the play-room with its fringe of Maxfield Parrish pictures and its scattered toys upon the scrubbed pine floors, the airy, clean kitchen with its shining cooking utensils and rows of sterilized bottles on the spotless enamel-topped tables. They had begun in a small way, she explained, and it had only been possible because of the generosity of her dear old friend, Miss Nancy Ellett, who was a darling.

"Tell me about her," the stranger said, eagerly. She told him of Miss Nancy's early struggle, of her miserly old father, and of the unexpected legacy which at his death had come to her. A pity, Dolly said, that Miss Nancy could not have enjoyed it while she was young—but being old she was now enjoying it in a different—and perhaps a better—way.

"Just what I'm trying to do," the stranger said, in a queer, strained tone. "I too was miserably poor when a young man. Too poor to ask the girl I loved to marry me. So I went away. And in the town where I was born and lived twenty years no one remembers me. Well, I've made money, not a great deal, but surely enough to be happy on. I didn't come back, think, I had married—and I didn't care to see her married. One day, in the northern city where I live I met a fellow who thought me an easy mark, because I was interested in charitable work, and he tricked me for a loan. I realized he was a dead beat, but after all I gave him the money. He told me a story of being engaged to a wealthy old maid, and he showed me letters he had received from her. Here the stranger hesitated and looked at Dolly timidly. "The letters were from my old sweetheart," he finally said. "I—I bought them from him, and I answered the last—and signed his name. I wrote on the typewriter and copied his signature, you see."

"And—did she reply?" asked Dolly breathlessly.

The stranger nodded. "I know she didn't realize what she was doing. She was only trying to buy Romance. So many of us, poor fools, are always trying to do it too. I'm doing my mind then to come back to Camden as—"

Mr. Adam Tyler," Dolly exclaimed. A startled cry from the doorway—Miss Nancy had arrived. "Is—it really Mr. Tyler, Dolly?" she cried, and Dolly saw her face grow white and a scared expression creep in her eyes.

"Nancy!" the stranger cried, and hastened to her side, taking her trembling hands into his own.

Dolly saw Miss Nancy start saw her mild blue eyes lose their terror and grow wide with astonishment. "Oh, William—William Gray! And you called yourself Mr. Adam Tyler. How clever of you—just like a story in a book! And to come back—after all these years!"

"I should have come—long ago, Nancy," Dolly heard Mr. Gray, alias Mr. Tyler, saying tenderly. "You need someone to look after you—few even this day nursery is not enough to keep you out of trouble!"

And passing quietly through the door with a happy, confident smile, Dolly Winston left the elderly pair, who at the end of the day had actually found Romance.

HORTICULTURAL EXPERIMENT STATION

Visiting Station

Consulting Entomologist, W. A. Ross.

Consulting Plant Pathologist, G. C. Chamberlain.

Supervisors: J. A. Goldie, F. A. J. Sheppard, F. E. Tregunna.

(Circular No. 2)

April 8th, 1929.

Spray Service

On account of the earliness of the season, buds are now well advanced and it is necessary to commence spraying as outlined below at the earliest possible date.

European Plum

Spray now with 3-4-40 emulsion in Bordeaux 3-4-40. Omit this spray on Japanese varieties.

Sweet Cherry

Use Line Sulphur 1 to 15 and add 3/4 pint of nicotine-sulphate (40%) to 40 gallons. If preferred a 3% oil emulsion with 3-4-40 Bordeaux may be used instead.

Apple

Where the Rust Apple Aphid has been more or less troublesome every year, spray with 3/4 pint of nicotine-sulphate (40%) to 40 gallons of Line

Economize on Your Gardening Needs

By taking advantage of these extraordinary savings made possible only by the tremendous Eaton buying power.
